# Welcome letter

Let us invite you to Glasgow for the 21<sup>st</sup> Migraine Trust International Symposium.

We are delighted to inform you that the 21st biennial Migraine Trust International Symposium will be held in 2026 in Scottish Exhibition Campus (SEC) on the banks of the river Clyde in Glasgow. We would be very glad to see you there in person. We will also continue to offer virtual content to maximise our impact and dissemination.

First held in 1976, MTIS is the world's longest established headache conference. We are proud and humbled that the event continues to be held in high esteem by our peers worldwide.

MTIS and the associated Patient Day aims to ensure clinicians and scientists interested in headaches can join our most important stakeholder: headache patients, particularly with migraines, and those who care for them to share new information and experiences. The latest understanding of headache biology, novel treatments and information on the impacts of migraine affects all attendees.

Together, we will share new information and lived experiences. The latest insights into headache biology, emerging treatments, and the real-world impacts of migraine will be relevant and valuable for everyone attending.

We are planning an outstanding scientific programme, including teaching courses for both primary and secondary care. We invite industry partners to support these courses and help maximise their reach and impact.

Poster presentations are a key part of the symposium, giving clinicians, researchers, and practitioners the opportunity to showcase their latest work by submitting abstracts for poster display.

A Patient Day will take place on the final afternoon, featuring clear, accessible summaries of the latest research and key messages from the scientific sessions, presented in a way that is meaningful for patients. For the first time, we are offering sponsors the opportunity to demonstrate your organisation's commitment to improving the lives of people affected by migraine by supporting this public session.

Satellite sessions will feature in the main programme, giving industry a dedicated, high-visibility platform to showcase new and exciting therapies, with no competing sessions running in parallel. We warmly invite you to book a session and share your latest findings and developments with our international audience.

Renowned for its dynamic, industrial and cultural past, Glasgow offers not only a compelling backdrop for international delegates but also the infrastructure, expertise and connectivity needed to support a landmark event such as MTIS.

We are looking forward to welcoming you to Glasgow for another great meeting.

**Rob Music**  
Chief Executive, The Migraine Trust

**Peter Goadsby**  
Chair of the Scientific Programme Committee  
MTIS

# Key information

## Event dates

3-5 September 2026

## Event website

Full details of the 21st Biennial Migraine Trust International Symposium will be available on the website soon.

## Venue

Scottish Event Campus (SEC)  
Exhibition Way, Glasgow, G3 8YW  
[Click here](#) for website.

MTIS 2026 will take place at the Scottish Event Campus (SEC). The SEC is centrally located in Glasgow and has its own dedicated railway station – Exhibition Centre – allowing easy access from the city centre. There are six trains an hour (around every ten minutes) from Glasgow Central Station to Exhibition Centre. Glasgow is served by three international airports – Glasgow Airport, Glasgow Prestwick Airport and Edinburgh Airport.

The exhibition will be located on the ground floor of the SEC, and will be the focal point for all catering, poster presentations and registration, ensuring a regular flow of delegates throughout the entire meeting.

## Contact

Any queries regarding sponsorship and exhibition for the 21st Biennial Migraine Trust International Symposium (MTIS 2026) should be directed to the organisers at [MTIS@conferencecollective.co.uk](mailto:MTIS@conferencecollective.co.uk).

## Who attends and why...

MTIS 2026 is aimed at a global audience with approximately 700+ international delegates expected to attend in person in addition to those joining online.

This International Symposium is a platform for scientific exchange and offers a high standard educational programme, making it the best place to learn about the latest patient focused advances in the field of headache and migraine. By presenting this meeting as in-person plus event, we intend to continue our objective of giving access to the highest quality content to as many participants as possible.

A large percentage of attendees are university based Clinical Practitioners, Clinical Researchers and Research Fellows.

Teaching courses are offered on Thursday morning, prior to the official start of the Congress.

These aim to advance the education of general practitioners, allied health professionals and the public in the subject of migraine, in particular but not exclusively, by raising awareness of migraine, its causes and effects amongst the same.

# Key information

## Why should you attend?

At MTIS 2024 49 nationalities were represented, making the Migraine Trust International Symposium a truly international congress.

MTIS 2026 will continue the format of an integrated symposium programme providing exclusive opportunities for live and virtual showcase. The MTIS committee will work with sponsors to co-ordinate symposia that complement the scientific content.

This is a key opportunity to meet and showcase your products to some of the biggest names in the world of migraine and headache.

## Who benefits from your participation?

The Migraine Trust will use any surplus generated from MTIS 2026 to continue to fund and promote migraine research.

*The generous support of our sponsors and exhibitors allows us to continue with this vital work in support of patients and their families.*

## Additional benefits

All stand packages include a virtual stand on the online platform allowing you the opportunity to showcase your brand onsite and online. Integrated technology between the onsite app and virtual platform enables you to network with delegates in Glasgow and across the globe.

There is also the opportunity to have your symposia streamed and recorded and added to the on-demand library for delegates to view at their leisure.

All delegates who purchase an onsite pass or digital pass will have access to the virtual platform, live streaming and the on-demand library.

*OK, so you've read why you should attend, what do you do next?*

## Decide on your sponsorship budget

The total amount of your sponsorship will determine the level of recognition your sponsorship receives e.g. platinum, gold or silver. In turn, we will reward your organisation with a number of entitlements.

We appreciate your on-going support, MTIS would not be possible without your contribution.

*Select your preference of items, let us know what you are interested in and we will develop the options and share with you for review and approval*

We've listened to your feedback on sponsorship opportunities and have devised options that are flexible and fit all budgets.

Review the various opportunities around symposia, exhibition, branded items and educational support over the following pages. You will be provided with a link to the booking system, which goes live on Tuesday 13th January at 16:00 GMT. If you have any questions in the meantime, please contact us at [MTIS@conferencecollective.co.uk](mailto:MTIS@conferencecollective.co.uk)

The team will do the rest by sharing a full overview and the total cost for the selected items. An invoice will be raised for 50% and shared with full confirmation of your bespoke package.

If you are looking to expand your current business relationships, prospect for new ones or launch a new service/product, the following opportunities will enable you to achieve these goals and your marketing objectives. Our exhibition and sponsorship opportunities are designed to suit all budgets and will help you gain a significant competitive advantage. We are flexible in supporting you with your exposure ideas so please feel free to contact us for a non-obligatory discussion.

# MTIS 2026 initial timetable

*Below is an outline of the exhibition times and outline programme for MTIS 2026*

Thursday 3 September 2026		
10:00 - 12:30	Teaching courses - 1-4	Parallel Rooms

# Sponsorship acknowledgements

- All levels of sponsors will be acknowledged on the MTIS 2026 website and delegate materials based on their level of spend.
- Sponsors that achieve a certain level of sponsorship will receive additional benefits as a thank you for their level of support depending on your choice of Symposia slot, exhibition stand and other packages.

## Platinum Sponsorship Spend Price on application

Sponsors that commit to the Platinum level of spend will receive the following additional items on top of their chosen items

- Ten additional exhibitor passes
- Eight additional onsite delegate passes
- 2 x E-shot sent by the organisers, on your behalf, to MTIS 2026 delegates
- Full page advert within the programme book, in addition to the advert secured for symposia
- Delegate list sent three weeks prior to the event\*
- Delegate list sent post event\*
- Hyperlink and logo on MTIS 2026 website
- Four push notifications in event app and platform

## Gold Sponsorship Spend Price on application

Sponsors that commit to the Gold level of spend will receive the following additional items on top of their chosen items

- Six additional exhibitor passes
- Six additional onsite delegate passes
- E-shot sent by the organisers, on your behalf, to MTIS 2026 delegates
- Delegate list sent post event
- Hyperlink and logo on MTIS 2026 website
- Two push notifications in event app and platform

## Silver Sponsorship Spend Price on application

Sponsors that commit to the Silver level of spend will receive the following additional items on top of their chosen items

- Four additional exhibitor passes
- Four additional onsite delegate passes
- Delegate list sent post event
- Hyperlink and logo on MTIS 2026 website
- One push notification in event app and platform

## A woman is standing at a podium, addressing an audience. The audience members are seated and wearing large headphones, suggesting a virtual or augmented reality environment. The room has a blue and red color scheme, with a large screen displaying a presentation slide in the background. The slide contains text and diagrams related to a research project. The overall atmosphere is professional and high-tech.

Following feedback from the audience and industry we have once again included a range of industry symposia from smaller bite-sized sessions to the option for longer one-hour sessions. You will have the options to live stream and/or record your symposia for online viewing - please contact the sponsorship team for more information on recording and streaming.

For the bite-sized 30 and 15 minute Product Theatre sessions, these will take place in smaller auditoria in the exhibition space during the refreshment breaks. In 2024, these were extremely popular with delegates and received positive feedback.

- Space / Room rental - all symposia will take place in the main Lomond Auditorium or exhibition auditoria
- Standard congress AV equipment suitable for audience and room size
- Opportunity to erect pop-up banner and dress inside of meeting space 15-30 minutes in advance of symposium (subject to prior sessions within scientific conference programme)
- Opportunity to display branding at key locations throughout the conference venue
- Symposium programme featured on the event website and listed within the final programme book
- Full page advert within printed programme book
- Push notification within the event app highlighting your symposium 45 minutes before the session takes place

## Applications for Satellite Symposia

Applications for sponsorship opportunities for MTIS 2026 will open on Tuesday 13 January 2026 at 16:00 GMT. All partners will be sent details of the booking process prior to this date. Symposia will be allocated on a first-come, first-served basis from 13 January 2026. Bookings will only be confirmed once a completed application has been completed.

In the meantime, if you have any queries about the symposia, or any other opportunities in the prospectus, please email the Secretariat at [MTIS@conferencecollective.co.uk](mailto:MTIS@conferencecollective.co.uk) and we will be happy to answer your questions.

# Symposia Programme

## Important Satellite Symposia Guidelines

Satellite Symposia and special events must be approved by The Migraine Trust.

Applications and proposed programmes for Satellite Symposia are to be drawn up by the sponsoring company and must be submitted to the Scientific Committee (via the organisers) for consideration no later than 29 May 2026 (all satellite symposia booked after 29 May 2026 will be handled on a case-by-case basis). All satellite symposia sponsors are requested to submit their preferred symposia slot at the time of application, which will be reviewed and considered by the Scientific Committee - the intention of this review process is to prevent competing symposia being scheduled on the same day/time.

For any queries regarding this application process please contact [MTIS@conferencecollective.co.uk](mailto:MTIS@conferencecollective.co.uk). Proposals will be considered/approved by The Migraine Trust prior to confirmation to the sponsoring company.

All Satellite Symposia programmes will be published in the final programme book and on the dedicated Satellite Symposia page of the event website in advance of the meeting. If you do not wish to have your Satellite Symposium Programme published on the website in advance of the meeting, please inform us in writing as soon as possible.

Other symposia or symposia-like-events are strictly prohibited between 07:00 on Thursday 3 September 2026 until 17:00 on Saturday 5 September 2026.

- Sponsors should select topics and speakers.
- Programmes must be submitted to the organisers for approval by the Organising and Scientific Committees
- In addition to the sponsorship fee, sponsors are responsible for the travel, accommodation and onsite costs for speakers and chairs.
- Sponsors are responsible for contacting the speakers and chair of their symposia to make all necessary arrangements and provide room and timing information.
- 

Times and dates of the Satellite Symposia sessions will be announced on the congress website. The full session programme will be published in the final programme book and on the congress website.

- Any promotional material to be placed in the congress venue will require approval from the MTIS Scientific Programme Committee.

## Exhibition

As part of the 21st Biennial Migraine Trust International Symposium an exhibition space will provide a unique opportunity for your organisation to showcase your products, services and educational programmes. The catering stations will be housed within the same area as the exhibition stands with the scientific posters in a neighbouring space. This will create great footfall throughout all days of the symposium providing exposure to your organisation. The exhibition will be the focus for networking and information exchange. The Welcome Reception on the evening of Thursday 3 September will be held within the exhibition hall.

Following the positive feedback on the inclusion of the provision of modular stands in 2024, we will be providing this sustainable option for 2026. Sponsors will have the opportunity to choose from a number of customisable modular stands allowing you to save money on design and build of bespoke stands. The stands have been designed to ensure a more open exhibition floor space which is conducive to networking and engagement. They are a sustainable option and will contribute to reducing the carbon footprint of the Congress.

*Exhibition stands are available in three options;  
Prices on application*

**Tier 1 - inc. 8 exhibitor passes**

**Tier 2 - inc. 4 exhibitor passes**

**Tier 3 - inc. 2 exhibitor passes**

*Tier 1 includes 40 sqm stand space Tier 2 includes 25 sqm stand space*

*Both Tiers 1 & 2 also include:*

- Graphic printing for stand space
- Lounge style seating
- Lighting (appropriate number of spotlights, dependent on size of stand)
- Electrical supply
- Logo, company description and contact details in the final programme
- Acknowledgement on the congress website
- Virtual exhibition profile on hybrid platform

*Tiers 3 includes:*

- 9 sqm modular stand space (including graphic printing)
- Lighting (appropriate number of spotlights, dependent on size of stand)
- Electrical supply
- Logo, company description and contact details in the final programme
- Acknowledgement on the congress website

*Optional extras - price on request*

- Furniture, AV including TV screens, laptops and iPads to showcase content

# Exhibitor entitlements

## Reservation of exhibition space

All reservations for exhibition space are subject to approval by the Conference Secretariat on behalf of The Migraine Trust. Please use the booking system to reserve your preferred exhibition space.

## Assignment of exhibition space

Space will be assigned as requested wherever possible. The Conference Secretariat on behalf of The Migraine Trust, will make every possible effort to assign exhibitors to their preferred location. Exhibitors wishing to avoid assignment of space adjacent to that of a particular competitor should indicate so on their application.

Careful consideration will be given to all requests. However, the Conference Secretariat cannot guarantee acceptance of these requests. The Conference Collective, on behalf of The Migraine Trust, reserves the right to relocate or reassign booths at any time for the overall benefit of the

congress. If a preferred space is not available, it is the practice of the Conference Collective Ltd to contact each company to discuss alternative space availability.

## How to book exhibition space

A completed application must be received listing your organisation's preferred exhibition space. Instructions for the application process will be provided separately.

Please take the time to review the Terms and Conditions accompanying this prospectus.

[www.mtis2026.org](http://www.mtis2026.org)

## Educational support

The congress plays an important role in bringing together professionals to discuss new ideas and share knowledge. Attendance at events such as these is becoming increasingly harder for delegates and speakers to fund. An educational grant in support of the congress assists with making a valuable contribution to the success, quality and variety of the event.

The educational grant opportunities listed below are managed in compliance with relevant accreditation and industry compliance criteria. In line with the congress code of conduct companies providing grants may not influence the topic, speaker selection or any other aspect of the content or presentation.

No promotional, commercial or advertising materials may be included in the educational support opportunities. All support will be acknowledged within the congress materials.

Educational support opportunities	
All rates in GBP and exclusive of VAT	Description
Price on application	<b>E-posters area</b> <ul style="list-style-type: none"><li>• The scientific poster sessions are a hugely important and popular part of the programme</li><li>• Supporting this area aligns your organisation's belief in current research and study</li><li>• Your organisation's logo and branding will be included on the e-poster stations which will be available for delegates to use throughout each day of MTIS 2026 and also the focus of the dedicated poster walk sessions</li></ul>

## Educational support

Educational support opportunities	
All rates in GBP and exclusive of VAT	Description
Price on application	<p><b>Exclusive sponsorship of all teaching courses</b></p> <p>Teaching courses are a core part of the pre-conference programme, created to support frontline healthcare professionals who manage headache disorders in everyday practice. They are specifically aimed at primary care practitioners, allied health professionals, and other clinicians involved in patient care.</p> <p>These focused educational sessions are delivered by experienced clinicians, general practitioners, and researchers who specialise in headache care, particularly migraine. Each course is designed to be practical, up to date, and directly relevant to real-world clinical settings.</p> <p>The aim is to give attendees greater confidence to recognise and understand headache disorders, manage them effectively, and support patients in their day-to-day practice. By strengthening knowledge and decision-making at the first point of care, these courses contribute to better outcomes for patients and a more consistent standard of treatment across services.</p> <p><b>Opportunity for industry partners</b></p> <p>Supporting a teaching course offers a meaningful way to contribute to professional education for the clinicians who see the highest volume of patients and make early treatment decisions. It also provides valuable visibility within the conference and an opportunity to engage with a highly relevant and motivated audience.</p> <p>We invite industry partners to be involved in these courses and help maximise their reach and impact.</p>

# Educational support

Educational support opportunities	
All rates in GBP and exclusive of VAT	Description
Price on application	<p><b>Patient programme sponsorship</b></p> <p>Our Patient Day is a valued part of the Symposium, offering people living with headache disorders, particularly migraine, and those who support them a dedicated space to learn, connect, and feel understood. Following the International Symposium, the Patient Day brings key messages from the scientific sessions into a clear and accessible format, so patients can engage with the latest developments in care and research in a meaningful way.</p> <p>Delivered in a hybrid format, the event can be attended in person or virtually, ensuring broad access for patients across different regions, circumstances, and levels of mobility. The day provides practical information and support to help individuals better understand and manage migraine, while also creating a welcoming environment where attendees can share experiences and meet others living with the condition.</p> <p>Migraine can be deeply isolating. Patient Day helps to reduce that isolation by fostering a supportive community of people of all ages and backgrounds—whether newly diagnosed or living with migraine for many years. It is consistently one of the most positively evaluated elements of our programme, reflecting the real impact of bringing expert insight and peer connection together in one place.</p> <p><b>Opportunity for industry partners</b></p> <p>Sponsoring the MTIS Patient Day is a meaningful way to demonstrate your organisation’s commitment to improving the lives of people affected by migraine. Your support enables us to deliver a high-quality hybrid event, extend participation to those who might not otherwise be able to attend, and ensure that the most current research and clinical insights are shared directly with the patient community.</p> <p>Patient Day sponsorship also offers visible alignment with a trusted, patient-centred initiative within an internationally respected scientific meeting. We invite industry partners to support this important programme and help us maximise its reach, inclusivity, and impact.</p>

The sponsorship opportunities listed above are not finite. If you have your own ideas or ambitions for a bespoke package, please contact [MTIS@conferencecollective.co.uk](mailto:MTIS@conferencecollective.co.uk) for an open conversation.
